

Expedition

Purpose Built Expedition Trailers For The Outdoor Enthusiast

The Expedition is the flagship trailer and is built to handle the diverse conditions of North America. Designed and tested for the toughest of trails, the Expedition is the perfect trailer for base-camping with a family sized group or long-distance overland adventures.

This model comes outfitted with all of our customizable options and modular add-ons to enhance the amenities and capabilities for specific owner needs and it's ready for extended outings with its 42-gallon water tank, 6-gallon water heater, shower, slide-out kitchen, electronics package, and over 52 cubic feet of storage.

Hand-crafted in Phoenix, Arizona by fellow outdoor enthusiasts with a passion for quality ensures this model can handle the challenges of the trail while bringing the comforts of home.
