

# Getaway

Purpose Built Trailers For The Outdoor Enthusiast

TURTLEBACK TRAILERS

What about a custom, off-road, Turtleback Trailer including the standard structural features Turtleback are famous for but a more affordable pricetag? The Getaway is a basic platform Turtleback Trailer for the "Do-It-Yourselfer". It allows you to fit your own fixtures, options and add-ons later when time and money allow you to expand your rig. Rugged and versatile with a dry weight of 800 lbs, easily towed behind most small SUVs while also being a great fit for trail rigs requiring plenty of ground clearance. The Getaway is the perfect compact trailer ready for big adventures.

A wide range of customizable options and modular add-ons enhancing the amenities and capabilities for owner needs.

Hand-crafted in Phoenix, Arizona by fellow outdoor enthusiasts with a passion for quality ensures this model can handle the challenges of the trail while bringing the comforts of home.
