

Adventure

Purpose Built Expedition Trailers For The Outdoor Enthusiast

The Adventure is perfect for those who want to stay closer to the ground, but need tons of space for family and pets and all the camping gear - it has plenty of room. It comes standard with a huge, easy to deploy tent with its queen size mattress, tent-side storage access, nearly 200 square feet of enclosable living space; this compact trailer is ready for big adventures. Starting with a dry weight of 1,050lbs it is easily towed behind most small SUVs while also being a great fit for trail rigs requiring plenty of ground clearance.

The wide range of customizable options and modular add-ons further enhance the amenities and capabilities for owner needs.

Hand-crafted in Phoenix, Arizona by fellow outdoor enthusiasts with a passion for quality ensures this model can handle the challenges of the trail while bringing the comforts of home.
